## Have you met our CCIO?

Dr. Martin Wilson has been a consultant neurologist at The Walton Centre since 2005, and splits his clinical time between general neurology and MS clinics delivered at Walton, Countess of Chester and Aintree hospitals. He is Divisional Clinical Director of Neurology at The Walton Centre, and also works as a national speciality advisor to NHSE (neurology).

He has been CCIO at Walton since 2012 and was appointed regional CCIO to C&M HCP earlier this year. He is a member of the CCIO leader's network since 2012.

## Share2Care Regional Benefits Meeting

Share2Care held its 7<sup>th</sup> Regional Benefits Realisation Group Workshop last week. The group meets bi-monthly to discuss and track benefits of using the shared care record and has representatives across Cheshire and Merseyside and Lancashire and South Cumbria areas.

## Benefits by Organisation Highlights

- ◇ Jackie Matthews, Business Change and Project Manager at Warrington and Halton Teaching Hospitals, described plans to explore benefits of using the shared care record in the Ophthalmology department.
- ◇ Ste Murray, Interoperability Manager, NHS Informatics Merseyside, shared interesting data about the utilisation of the shared care record in Merseyside. The data is being analysed to help identify areas of high usage and target benefits realisation.
- ◇ Eni-Ann Riley, Business Change Lead at Liverpool Women's Hospital, described how she is working closely with Consultant Obstetricians to identify benefits of the shared care record in this busy department.

## Benefits of S2C 2020 Survey

Results from the 2020 Share2Care Benefits survey were presented; staff were asked in a survey earlier this year to document the biggest benefits they have experienced in their role of using the shared care record. The key themes that emerged were improving patient experience, saving time and having access to information at the right time.
